Education

Sapienza University of Rome – Rome, Italy

Dec 2025

Bachelor of Science in Computer and Control Engineering

Grade: 105/110

- **Relevant Coursework:** Software Engineering, Operating Systems, Computer Networks, Database Systems, Cybersecurity, Artificial Intelligence, Automatic Control, OOP.

Technical Skills

- **Languages:** Python, SQL, TypeScript, JavaScript, C, Bash, Java.
- **Frameworks & Libraries:** Node.js, React.js, Ruby on Rails.
- **Tools & Platforms:** Git, Docker, Linux/Unix, PostgreSQL, VS Code, LaTeX, Microsoft Office.
- **Concepts:** Agile, REST APIs, OOP, Cybersecurity, MVC Architecture.

Projects

Chef a Domicilio (Thesis) | *Ruby on Rails, SQLite, HTML/CSS*

- Developed a full-stack web platform for managing home chef services, handling dual user roles (Client/Chef) and booking workflows.
- Adopted **Agile methodology** throughout the development lifecycle, defining requirements via **User Stories**.
- Implemented **MVC** architecture and ensured software quality through automated **Testing** and validation.

SQLi-Playground | *Python, Docker, PostgreSQL, SQL*

- Developed a vulnerable web application environment to simulate and analyze **SQL Injection** attacks for educational purposes.
- Designed the backend architecture using **Python** and integrated a PostgreSQL database via **Docker** containers to ensure isolation.
- Implemented secure coding practices and input validation mechanisms (Parameterized Queries) to demonstrate defense strategies.

SapienzaAdventure | *JavaScript, HTML5, CSS*

- Designed and developed a browser-based interactive game using vanilla **JavaScript** and HTML5 canvas.
- Implemented dynamic event handling, game loop logic, and UI rendering without relying on external game engines.
- Managed the complete software lifecycle from concept to deployment, focusing on code modularity.

Certifications & Languages

- **English (C1):** Advanced Level – King's College London / British Study Centres (Distinction, 2019).
- **English (B2):** First Certificate – Cambridge Assessment English (Distinction, 2017).
- **Cybersecurity:** Security Soft Start – ONstairs (Feb 2022).
- **Languages:** Italian (Native), English (Full Professional Proficiency).
